

Personal Statement

I am a social sciences graduate currently coursing an MSc in Global Development. I have work experience in the public, international and private sector. I excell at communication of ideas, liaison, and consensus search and have a special interest in social analysis and data collection to gain insights for informed policy making, in order to further improve life quality in developing societies.

Work Experience

06/2014 – 06/2015

Telefónica México Foundation

National Team Manager

Lead and coordinated the training program "Aulas Fundación Telefónica" (ICT use and innovation techniques for public school educators) in Mexico.

- Work with public school educators and the inclusion of ICTs in their teaching plans.
- Team leadership and management (national level).
- Strategic planning and administration of funds.
- Follow up visits of involved schools in rural settings.
- Alignment with corporative values and objectives.
- Contact with government dependencies.

01/2013 – 12/2013

Mexican Mission to the WTO & the UNO

Intern

Worked on the negotiations of the WTO's Trade Facilitation Agreement. Also, I collaborated with the Ministry of Agriculture, promoting FDI in the Mexican agricultural sector.

- Ins and outs of international relations and global trade politics.
- Analysis of possible political outcomes during the negotiating process.
- Liaison and strategic consensus search through coalition building.
- Study and application of international trade agreements and the WTO's regulations on subsidies, safeguards and antidumping measures.

09/2010 – 08/2012

AIESEC Student Organization

Volunteer

Contacted, prepared and sent off students abroad for internships all around the world.

- Marketing strategies to promote the program.
- Follow up and tutoring for the students sent abroad.
- Communication between students and host country.
